Lehmann structured wood

Blumer Lehmann

<https://www.blumer-lehmann.com/> | info@blumer-lehmann.com

Type: Wood | Panelling

Discover the interior and exterior design options with the new structured wood surfaces. The design options offered by the new structured wood surfaces for indoor and outdoor applications are diverse. Choose the wood type and structure that fits with your later application, whether it's a wall or facade cladding, decking or concrete cladding. With four standard structures and the option of designing custom surfaces according to your wishes, a whole new dimension of possibilities opens up for applications in architecture, art and design.

mtextur ID	<u>107547</u>
Manufacturer	<u>Blumer Lehmann</u>
Manufacturer-Email	<u>info@blumer-lehmann.com</u>
Product Line	<u>Lehmann structured wood</u>
Product Line Info	Discover the interior and exterior design options with the new structured wood surfaces. The design options offered by the new structured wood surfaces for indoor and outdoor applications are diverse. Choose the wood type and structure that fits with your later application, whether it's a wall or facade cladding, decking or concrete cladding. With four standard structures and the option of designing custom surfaces according to your wishes, a whole new dimension of possibilities opens up for applications in architecture, art and design.
Material Name	<u>Oberberg</u>
Type	Wood / Panelling
eBKP	G 3.2 Finished wall coverings
IFC	IfcCovering / IfcWall
Area of application	Inside / Wall / Floor / Ceiling / Facade Outside / Wall / Floor / Ceiling / Facade
Delivery zones	CH
Size of the CAD & BIM texture	Height: 2000.0 mm / Width: 2000.0 mm

Important legal notice regarding the use of the mtextur database and the mtextur datasheet

The mtextur database and the mtextur datasheets present a selection of digitally processed building materials, categorised by material type, subtype, colour range, field of application, manufacturer and product line. All content is provided for information and planning support purposes only and is non-binding. The colour appearance, pattern, surface characteristics and scale accuracy of the CAD & BIM textures may differ from the actual products supplied by the respective manufacturers. A binding or exact match cannot be guaranteed. For binding samples, technical specifications and product-specific details, only the respective manufacturer or distributor shall be authoritative. Please contact them directly for such information (enquiry link provided with the material). The content is compiled with due care and to the best of our knowledge. However, errors, omissions or deviations cannot be entirely excluded. The publisher of the mtextur database, h2c GmbH, as well as the listed manufacturers and distributors, accept no liability for the accuracy or completeness of the information provided, nor for any direct or indirect damages or consequential losses arising from the use of the mtextur database or the mtextur datasheets. Liability shall apply exclusively in cases of wilful misconduct.

Characteristics Info	Die Aussicht auf den Gossauer Schlosshügel ist formgebend für das wunderbare Profil aus seinen sanften Hügeln und klaren Linien. Holart: Schweizer Fichte
	Strukturtiefe: 1 – 2 mm
	Profil: mit Nut und Kamm
	Anwendungsbereich: Innen (Decken, Wände, Böden) und Aussen (Fassaden)
