noraplan® floor coverings are available in rolls or tiles with a great many designs and colours for virtually unlimited design potential. The product range is made up of eight different designs. The new addition, noraplan® valua, is an excellent choice where a cosy ambience is important, e.g. in patient rooms, old people's homes, but also in representative fields. This is underscored by the living quality of its linear surface structure combined with the natural properties of rubber.
