### WANDRAUTE 44 × 44

### PREFA

<http://www.prefa.ch/de/> | [office.ch@prefa.com](mailto:office.ch@prefa.com)

**Type:** Metal | Facade

OBERFLÄCHE P.10

PREFA Wandraute im großzügigen Format 44 × 44 cm verleihen der bewährten "Schuppenoptik" überraschende Akzente. Die faszinierende Rautenform ermöglicht die Realisierung eines modern strukturierten Fassaden-Erscheinungsbildes, das die hohe Qualität der Gesamtplanung unterstreicht und jedes Gebäude zu einem charaktervollen Unikat macht. Durch die integrierten Befestigungsleisten können die Fassadenelemente rasch und kostengünstig montiert werden.

#### Important legal notice regarding the use of the mtextur database and the mtextur datasheet

The mtextur database and the mtextur datasheets present a selection of digitally processed building materials, categorised by material type, subtype, colour range, field of application, manufacturer and product line. All content is provided for information and planning support purposes only and is non-binding. The colour appearance, pattern, surface characteristics and scale accuracy of the CAD & BIM textures may differ from the actual products supplied by the respective manufacturers. A binding or exact match cannot be guaranteed. For binding samples, technical specifications and product-specific details, only the respective manufacturer or distributor shall be authoritative. Please contact them directly for such information (enquiry link provided with the material). The content is compiled with due care and to the best of our knowledge. However, errors, omissions or deviations cannot be entirely excluded. The publisher of the mtextur database, h2c GmbH, as well as the listed manufacturers and distributors, accept no liability for the accuracy or completeness of the information provided, nor for any direct or indirect damages or consequential losses arising from the use of the mtextur database or the mtextur datasheets. Liability shall apply exclusively in cases of wilful misconduct.

|----------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Weight               | 2.6 kg/m <sup>2</sup>                                                                                                                                                                                                                                                                                                                                                             |
| Characteristics Info | Das große Format der Dach- und Wandraute 44×44 verleiht dem Gebäude eine besonders elegante und moderne Optik. Sie ist mit 2,6 kg/m <sup>2</sup> nicht nur sehr leicht, die integrierten Haftleisten ermöglichen auch eine rasche und kostengünstige Montage. Auf einem Quadratmeter werden nur ca. fünf Dach- und Fassadenelemente benötigt. Das spart zusätzlich Zeit und Geld. |
